To Whom It May Concern;

RE: Crescent Mortgage

Crescent Mortgage was a new company that we started doing business with in the spring of 2011. They have since become my favorite mortgage company to sell loans to. The web-site is very user friendly and the AE we have, Katherine Leddy, is very timely and helpful with our questions. The underwriters are accessible, which is sometimes rare these days.

Additionally, their pricing has been very competitive. I highly recommend Crescent Mortgage.

If you have any questions, please call or email me.
